

Invest in **ME** Kindergarten

Save.

Share.

Spend.

Here's a super easy and fun way to help children learn about money.

Teach them the value of saving and sharing, and how to enjoy spending thoughtfully.

Follow these steps:

- A.** Cut out these labels and encourage coloring and decorating.
- B.** Tape a label to a jar of your choice—think peanut butter jar, jelly jar or even a mason jar!
- C.** Talk about how to split allowance, birthday or holiday gifts of money into each of the three jars.
